## Special Cycling Event Notice

**Sunday 31 July 2022**

Dear Residents and Business Owners,

On 31 July, the Tweed will host the Cycle for Life, a free community event raising awareness of organ donation. Over the weekend we are expecting over 600 riders as well as spectators.

We understand that sporting events such as the Cycle for Life can impact the regular flow of traffic and every effort is being made to consider individual circumstances and minimise inconvenience.

Please be aware of the changes to traffic and parking to ensure we have the smallest impact and can deliver a secure and efficient event. We invite you to notify us of any concerns so we may make plans to accommodate your requirements.

Mike Crawley  
Race Director, NXsports Community Foundation
