

# SPECIAL EVENT NOTICE

## CHANGED TRAFFIC CONDITIONS

### 1 April 2023

## Oceania Cycling Championships Road Race

Brisbane and South East Queensland are hosting the Oceania Cycling Championships as part of the Brisbane Cycling Festival.

The Road Race is being hosted in your area.

Local Council, State Government and the Emergency Services have contributed to the planning of this event.

This event takes place with a Rolling Closure under Queensland Police Escort.

Motorists must stay behind a group of cyclists racing and not overtake until there is an additional lane to do so. Cars approaching the convoy will be stopped on the side of the road by the Police. Local traffic is urged to travel only anti-clockwise in the direction of the race to avoid delays and head on situations.

Emergency services vehicles will maintain the right of way if necessary under Queensland Police assistance.

# Encountering A Race Convoy

Residents encountering the convoy simply need to wait on the road side for the convoy to move past quickly and follow Police instructions.

If you somehow become entangled in a race, here are five simple guidelines to follow:

1. Switch on vehicle hazard lights and start to slow,
2. Move to the left-hand side of the road slowly (after checking there are no bikes to your left),
3. Wind down the windows and if need be signal with your arm your intention to move to the left hand side of the road(as cyclists cannot always see your lights),
4. Stop your vehicle off the road if safe, and
5. Do not proceed again, until the last Police vehicle arrives.

## Impacts In Your Area

**SATURDAY 1 APRIL 2023**

Road/Site	Between	Impact Type	Time
Blackwall Road	Scholtes Road and Kholo Road	Full Rolling Road Closure	07.00 - 16.00
